## Limited-Time Pepco & Delmarva Power Electrification Incentive Increase

ICF has announced that the **Limited Time Offer (LTO)** for Pepco and Delmarva has been **extended through November 30th**.

Invoices must include the LTO instant discount to the end user and must be deducted at the time of purchase. Applications must be submitted in the Online Intake Tool no later than **December 4th, 2026**. Applications submitted after this date will not receive the LTO incentives.

If you have questions about eligibility requirements, incentive application, or program participation, please reach out to your dedicated account manager or email our team at [marylandmidstream@icf.com](mailto:marylandmidstream@icf.com) with any questions.

| Electrification Equipment                                                         | Tier       | Efficiency Levels |                 | Current Incentive Amounts | LTO Incentive Amounts  |
|-----------------------------------------------------------------------------------|------------|-------------------|-----------------|---------------------------|------------------------|
|                                                                                   |            | SEER2             | HSPF2           | PEPCO & Delmarva Power    | PEPCO & Delmarva Power |
