1. Work with your Trusted Contractor:

Begin by working with a qualified contractor to assess your energy efficiency needs and receive a project proposal.

2. Submit Project for Pre-Approval:

Submit your project proposal to Energy Solutions for Business Rebate Program for offer letter.

3. Apply for Financing:

Submit your application for financing preapproval and get the funding you need at low-interest rates.

4. Sign Loan Documents Online:

After financing pre-approval, you'll receive your loan documents to sign electronically.

5. Start Your Project:

With financing in place, you can begin your energy efficiency upgrades and start saving.
